Breif Issue :

1. If the word TROPHY is specifically mentioned under 83062920, so can we sell all trophies made of any material under this HSN?
2. If different code is allocated to trophies assembled of different material, I would like to know if there is a combination of different materials and about 75% (value terms) is getting used of any one Raw Material, under which HSN should we make bill ?

Decision of Advance Ruling Authority :

The word TROPHY is not specifically mentioned under 83062920, so we cannot sell all trophies made of any material under this HSN.
